Lahore Pakistan |0347-4062541| munirayesha009@gmail.com

## SUMMARY

---

Aspiring MERN stack developer skilled in MongoDB, Express, React, and Node.js, capable of building dynamic web applications. Eager to contribute to innovative projects with seamless frontend and backend integration.

## EDUCATION

---

### FAST National University of Computer and Emerging Sciences

Bachelor of Software Engineering Expected June 2025

### PUNJAB GROUP OF COLLEGES

FSC Pre Engineering

## WORK EXPERIENCE

---

### CODESOFT.

Intern Feb 2024-March 2024

- Designed a personal portfolio website using HTML, CSS, JAVASCRIPT and REACTJS.
- Built a Food delivery app using the MERN STACK app.

### Entra-Cloud

Frontend Developer June 2024-August 2024

- Developed and maintained user interfaces for web applications using HTML, CSS, and JavaScript.
- Collaborated with backend developers to integrate APIs and enhance user experience.

## UNIVERSITY PROJECTS

---

### The Encyclopedia of Arabic Poetry

- An encyclopedia application developed in Java using the MVC pattern that manages extensive Arabic datasets and utilizes root-based stemming to enhance content search efficiency.

### Inventory Management System

- Developed an inventory management system using C# and Oracle, ensuring efficient tracking and management of stock levels. Implemented features for real-time inventory updates, order processing, and reporting.

### Blogging Platform

- Developed a blogging platform using the MERN stack (MongoDB, Express, React, Node.js), enabling users to create, edit, and share blog posts seamlessly. Integrated user authentication, commenting, and responsive design users.

### Cricbuzz

- Developed a Cricbuzz application using Object-Oriented Programming principles. Designed and implemented features for live match updates, and match schedules, ensuring a maintainable codebase.
